

A service is being developed to facilitate walking to school together, made safe and fun with sCOOL2walk. You, as parents, and your children, helped identify requirements for this service during the workshops held in May. Below you'll find insights translated into preconditions and requirements for the application development.

What is your ideal way to go to school?

### #WillingToWalk

Kids are willing and happy to walk.

### #WalkingMindset

Walking and public transport are easy to do in Riga, certain routes require more attention.

### #KidsLikes

Kids like to walk, play, socialize, being in nature.

## General results

### #PickUpPoint

A preference for pick-up points near/at homes.

### #Fun

Game features create more fun while walking.

### #Notification

A need for an update during or after the walk.

### #Advantages

Walking to school enables kids to:

- Socialise
- Be active
- Focus better in class

### #Guardian

A preference for all children to walk with a guardian.

### #Community

Community collaboration by means of taking turns for walking groups.

### #HurdlesToWalk

Certain parents feel hurdles like the distance to school, heavy bags, or the distance to bus stops hinder the chance to use this service.

### #WalkingBuddies

Trusted members of the community, selected by the community.

### #FocusPoint

Parents can highlight points along the route requiring extra attention. Train tracks are a mentioned example in Riga.

### #SafeWalking

The need for safe walking to and from public transport stops.

### #KidsDislikes

Dislikes about walking are pollution and speeding cars.

## what's next?

All this valuable information is being processed and will be used to adapt the app to your wishes and needs. Currently, a pilot walking-bus is being evaluated right now! Scan the QR code if you're interested in following this EU funded project closely:
