

Dear Students of the UPC,

We are contacting you on behalf of the **Project 4I4U** of the **EIT on Urban Mobility**:
<https://engage.eiturbanmobility.eu/processes/Project4I4U>

We would like to invite you to participate in two interesting research activities regarding the improvement of Urban Mobility in Barcelona:

Activity 1:

The 1st activity is named “**UPC Sustainable Mobility**”. The activity consists of each participant moving from Campus Nord UPC to Campus Diagonal-Besòs UPC, using diverse transportation modes: bicycle, bus, e-bicycle, e-scooter, metro, run, train, tram or walk.

- The participants will previously install the app **MobilitApp**, used to predict the transportation mode used by the citizen and to estimate the CO₂ generated/saved: <http://mobilitat.upc.edu>
- Also, participants will previously install the app **MAPPO**, used to show 3 alternative routes to make the same itinerary: the shortest route, the less polluted route and an intermediate route:
<https://carnetbarcelona.com/index.php/2022/06/21/students-of-the-barcelona-school-of-telecommunications-engineering-etsetb-upc-have-developed-an-app-to-estimate-users-exposition-to-emissions>

Date: Thursday 3rd November 2022, 10:00 - 12:00

Meeting point: Plaça Telecos, Campus Nord, 10:00

Destination point: Escola d'Enginyeria de Barcelona Est (EEBE). Campus Diagonal Besòs. Edifici A. Av. Eduard Maristany, 16. https://g.page/EEBE_UPC?share
We will meet at classroom **A1-09**.

At the meeting room at our destination, we will share our experiences and we will have a lottery for the participants of a wonderful [Small loudSpeakers](#) (Ultimate Ears Boom 3 Sunset Red, Bluetooth, 90 dB) valued at more than 100 euros. Also, we will send a **Diploma** to each participant as a collaborator with the Project 4I4U.

Activity 2:

Hackathon: "Solving city problems regarding urban mobility"

Participants: University and high school students from Barcelona (UPC) and Toulouse

Data: 16th (12:00-18:00) and 17th November (9:00-13:00)

Location: Aula Màster, UPC Campus Nord.

There will be 10 teams of around 10 participants each, both from Barcelona and Toulouse. Participants will receive several gifts. The winning team will receive a special gift.

*** **REGISTER HERE:** <https://forms.gle/anLNwfGnKGBZXD9H9>

All students who participate in these activities will receive an EIT Urban Mobility T-shirt and a free ticket to visit the [Tomorrow Mobility Congress](#) on November 17th, after the Hackathon.

Please, do not hesitate to contact us for any doubt: monica.aguilar@upc.edu, alexandra.hoesli@carnetbarcelona.com

We encourage you to participate in both interesting experiments to help improve urban mobility in Barcelona!

Looking forward to seeing you!
Warmest regards,

Mónica Aguilar Igartua
Alexandra Hoesli
Elisa Sayrol
